

## Testing on app go to production (Last App 14.12.2024)

### I . Testing for user experience/new to buy

#Not yet login ( Exp User )

- Buy now ( Done )
- Add to card ( Done )

#Not yet login ( New User )

- Buy now ( Done )
- Add to card ( Done )

#ready login ( Exp/New User )

- Buy now ( Done )
- Add to card ( Done )

# payment ( COD/Wallet ) Done

### II . Chat and Notification

#Chat

- chat alert ( Done )
- chat typing show ( Done )
- chat from product detail I think product name translate it ok But the product that was thrown into the chat the first time still didn't work.
- នៅពេលដែល customer គាត់ chat ទៅកាន់ seller EX hi បន្ទាប់មកគាត់ធ្វើការសរសេរបន្ត ប៉ុន្តែនៅពេលដែល seller គាត់ចូលទៅមើល chat នោះទាំងដែល customer គាត់ក៏ពុំឯសរសេរ វាបែរជា refresh chat គាត់ ហើយឱ្យគាត់សរសេរឡើងវិញទាំងអស់ . This issues I think it so annoy .

#Notification

- Confirm order and flash deal I think it ok .

### III . @Mrr\_Mnut@thoeun11 Any update on these tasks below

1. Please check on Delivery Options it always default to next day although we select other Options (Mobile). => Chantoeun (Develop by Mr.Kunty & Push API Done) **(Done)**

2. Any updates? Chat from seller, notification show shop name all 3 languages (Mobile+API). => Mnut **(Done) But Chat in beta .Now shop name show only english name**

3. In shopping cart show shop name all 3 languages too (Mobile+API). => Mnut **(Done)**

4. Notification confirm order stand on Chinese/Khmer, but default Shop name in English [Shop Name translate] (Mobile+API). => Mnut **(Done) Currently we use the default in English**

5. Please check this issue: the QTY field is missing when adding a new item in Admin. The first it shows as normal, but it is missing due to we fill text in the Product Name field. (Admin) => Mnut **(Done)**

IV. Dear all, please be informed that after meeting this morning, @thoeun11 will be improved on the tasks (No.1 & No.2) below before release to Production. cc: @pisetsok

1. In Shopping Cart the Shop Name display to the current language user use it. **Currently we use all language**

2. Add BETA version label (Small letters) after Message title of Message list. **( Done )**

3. Internet slow is not loading dada -> Improve the next. **? I don't understand**

4. KHQR not working of both Production & UAT -> Observe, it happens on ABA or Bakong. **On Currently It can use**

5. Tester: @Nhazzzzzz test for user experience to buy items Login and before Login and new improvements from @thoeun11 . **( Ready )**
